The Dallas College students who have interned at Dwell Inc have gone above and beyond to not only learn what we do, but they have offered a ton of value to our apartment locators and realtors. They said yes to a wide variety of projects and typically become a centerpiece of fun in our culture!

The other business owners in my cohort and from the alumni ambassadors' program are my accountability partners and informal advisory board. I don't know what I would do without them. And 6 plus years later, the ongoing championing for me and my business from the community and Dallas College team is invaluable.
