

### 2012 Property Tax Rates in Dallas County Community College

This notice concerns the 2012 property tax rates for Dallas County Community College. It presents information about three tax rates. Last year's tax rate is the actual tax rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before taxpayers start rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

#### Last year's tax rate:

Last year's operating taxes	\$128,643,325
Last year's debt taxes	\$33,864,662
Last year's total taxes	\$162,507,987
Last year's tax base	\$163,046,038,928

+ This year's adjusted tax base (after subtracting value of new property)	\$162,405,849,447
= This year's effective tax rate (Maximum rate unless unit publishes notices and holds hearings.)	\$0.099398/\$100

#### This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate, and/or enhanced indigent healthcare expenditures)	\$127,658,780
+ This year's adjusted tax base	\$162,405,849,447
= This year's effective operating rate	\$0.078605/\$100
x 1.08 = this year's maximum operating rate	\$0.084893/\$100
+ This year's debt rate	\$0.020770/\$100
= This year's total rollback rate	\$0.105663/\$100
