SMART STARTS HERE.

Update: Strategic Plan Reporting

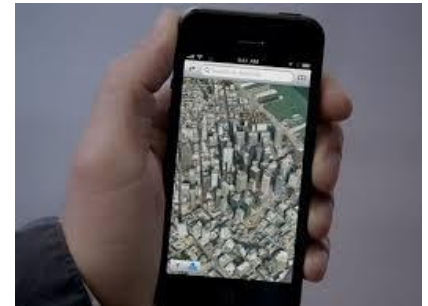

- June informational item provided written report on Key Performance Indicators.
- A new way to present and report this data is under development.
- Today's presentation is to provide background and demonstrate the direction of our Dashboard.

Navigating Change

Concerns

1. Wait-time for information
2. Presentation of information
3. Relevance of information
4. Access to information

Current Initiatives

1. Implementing a District Office of Institutional Research “Data Store”
2. Streamlining the process for a weekly updated “Online Data Store” for availability to the entire DCCCD
3. Implementing Microsoft-SQL® as the cornerstone technology while we update our processes

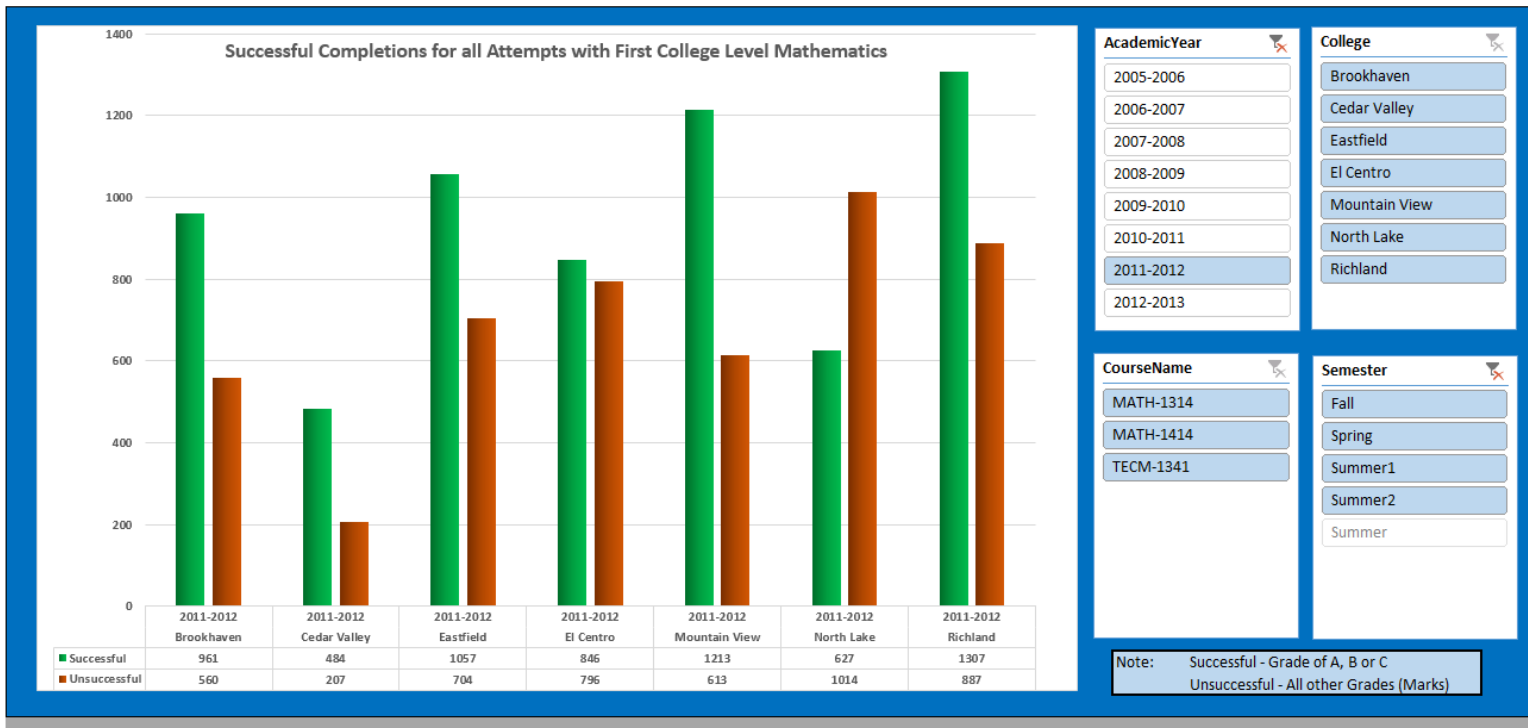

Moving Forward

- Beta tests are now in process for product releases:
 - Accountability Measures
 - Implementing self-service information depots on team sites in the Portal
 - Automated updates for our Thematic Priorities
 - Demonstration...
