DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

December 17, 2013

Wright L. Lassiter, Jr.

I am pleased to submit to the Board of Trustees for the Dallas County Community College District (the "District") and the community of Dallas county, the comprehensive annual financial report for fiscal year ended August 31, 2013.

Financially, we have "turned the corner" in fiscal year 2013. Due to the strong determination of our Board of Trustees and their commitment to their fiduciary responsibilities, the District remains one of the lowest in Texas for both property tax rates and tuition. While there have been recent increases in tuition and the property tax rate, the value of an education at all of our colleges is still very affordable for our students and the citizens of Dallas county.

Year in Review

Enrollments declined slightly in fiscal year 2013 due to improvement in the Texas economy as enrollments for all Texas community colleges dipped 2.3%. Total Operating Revenues in fiscal year 2013 are up \$2.2 million compared to fiscal year 2012 due to a tuition increase of \$7 per credit hour that was effective for the spring semester 2013. Non-Operating Revenues are up \$28.7 million due to an increase in the property tax rate of \$0.02 per \$100 valuation. Operating expenses increased \$22.2 million due to salary increases for faculty and staff; the first salary increase for employees in three years. Net Position totaled \$491.6 million, an increase of \$21.7 million, and of that \$204.4 million was Unrestricted Net Position.

State funding for fiscal year 2013 decreased slightly as the second year of the 2012-2013 biennium was adjusted. This is the first time Texas community colleges have had an enrollment-based change during a biennium. This biennium adjustment methodology was removed by the 83rd legislature from the 2014-2015 General Appropriation Act.

The rating agencies of Fitch, Moody's and Standard & Poors have all reaffirmed the District's "AAA" rating on the District's General Obligation bonds and a "AA" rating on the District's Revenue bonds.

All seven colleges of the District have received reaccreditation by the Southern Association of Colleges and Schools Commission on Colleges.

Looking Forward

We believe that student enrollments will remain flat to decreasing slightly as the economy improves over the next 3-5 years. This will allow the District to continue to focus on student success. Property values increased by 6% for 2014 according to the latest figures from the Dallas County Appraisal District, with commercial and business personal property accounting for the biggest increases. The Board also approved a small property tax rate increase in fiscal year 2014.

The 83rd Texas Legislature made changes to community college funding for the 2014-15 biennium. The new methodology gives each community college district in Texas a "base funding" of \$500,000 each year plus funding based on enrollment and student success; a new formula methodology that rewards colleges for improvement in student success measurements as established by the Texas Higher Education Coordinating Board. The effect of these changes for the District will be a reduction in enrollment related state funding for fiscal year 2014 of approximately \$1.8 million per year, mainly due to the "base funding" portion. However, the state's benefit funding will increase and the total appropriations to the District increased by \$2.4 million. We continue to believe that state funding, now less than 25% of total revenues, will continue to remain relatively flat.

Student Success

We are proud of our students and their accomplishments. Phi Theta Kappa, the academic honorary society for two-year colleges, bestowed their Five Star chapter awards to Eastfield, Brookhaven and North Lake Colleges. Mountain View College received Phi Theta Kappa national honors. Brookhaven, Eastfield, North Lake and Richland Colleges' student newspapers won awards for their work at the state or national level. Both Richland and North Lake Colleges were named "Military-Friendly Schools". The student government associations at Eastfield and El Centro Colleges earned honors at the statewide convention. Students at all seven colleges participated in the "I Commit" celebrations in which they were encouraged to sign pledges and commit to complete an associate's degree or certificate before they transfer to a four-year university or enter the workforce. Students and employees from Brookhaven, Richland and North Lake Colleges gave back to the community during the annual Martin Luther King, Jr. Day of Service.

Financial Awards

The hard work of the District's financial personnel has paid off with two significant achievements. In April, the Texas Comptroller's Office awarded the District a Gold Star for its Financial Transparency website. Not only is this the highest honor for financial disclosure, DCCCD was the first community college to become a member of the Texas Comptroller's Leadership Circle for financial transparency online. In September, we were notified by the Government Finance Officers Association (GFOA) that our Comprehensive Annual Financial Report for the fiscal year ended August 31, 2012 was awarded the Certificate of Achievement for Excellence in Financial Reporting. This is the highest form of recognition in governmental accounting and financial reporting.

In Closing

After seven plus years of service as chancellor, it is with humility and pride that I thank you for expressing confidence in me to ask that I serve in the role of chancellor. This has, without question, represented the capstone in my professional life and career. I can confidently pass

A Letter from the Chancellor

the mantle of leadership to a successor with the knowledge that Dallas County Community College District is financially strong. When my intention to retire was announced, you moved diligently to seek a successor through a nationwide search. The Board of Trustees can take pride in acknowledging that as the District approaches its 50th anniversary, there will only have been seven chancellors.

In your choice of Dr. Joe May, he comes with a successful background that should prove valuable to the future success of the District. Having led systems in Louisiana and Colorado, he brings broad administrative experience coupled with a rich academic background.

Finally, I would like to offer my sincere appreciation to our Board of Trustees for their dedication, trust and unwavering ability to provide direction. And to my senior staff colleagues, the faculty and staff, without whom we could not have maintained our strong financial condition, especially during the tough times over the last few years, I must say "thank you" with heartfelt gratefulness.

Sincerely,

A handwritten signature in black ink, appearing to read "Wright L. Lassiter, Jr.", written in a cursive style.

Wright L. Lassiter, Jr.
Chancellor

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

December 17, 2013

To the Board of Trustees:

Respectfully submitted for your review is the comprehensive annual financial report for the Dallas County Community College District (the "District") for the fiscal years ended August 31, 2013 and 2012. The purpose of this report is to provide detailed information about the financial condition and performance of the District. Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal controls. The objective of internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. The concept of reasonable assurance ensures that the costs of the controls do not exceed the benefits derived.

Comprehensive Annual Financial Report

The District's comprehensive annual financial report (CAFR) is prepared by the Business Affairs office in accordance with Generally Accepted Accounting Principles as established by the Government Accounting Standards Board (GASB) and complies with the Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges as set forth by the Texas Higher Education Coordinating Board (THECB). The Notes to the Financial Statements are considered essential to fair presentation and adequate disclosure for this financial report. The Notes are treated as an integral part of the financial statements and should be read in conjunction with them. Additionally, attention should be given to Management's Discussion and Analysis, which provides the reader with a narrative introduction, overview and analysis of the financial statements.

Reporting Entity

The District is a special-purpose government engaged solely in business-type activities (BTA). In compliance with GASB Statement Nos. 34 and 35, this reporting model is intended to make government financial statements similar to corporate financial statements. It also serves to make the financial statements more comparable across organizations.

The Dallas County Community College District Foundation, Inc. ("Foundation") has been discretely presented in the District's statements as a component unit by inclusion of the statements and footnotes of the Foundation in the District's statements and footnotes. Because the financial statements of the Foundation are presented in a different format from the District and are incompatible with the District's financial statements, the Foundation's financial statements are presented on separate pages from the District's financial statements. The Foundation is a non-profit organization established in 1973 with its sole purpose being to provide benefits such as scholarships and grants to the District.

Richland Collegiate High School (RCHS) began its first full year of operations in the fiscal year ended August 31, 2007. RCHS was granted a charter by the Texas Education Agency (TEA) in October 2005. The Board of Trustees of the District subsequently approved the charter in May 2006. While

RCCHS receives state reimbursement based on average daily attendance, the District also receives state funding dollars for the contact hours. TEA requirements necessitate tracking RCCHS revenues and expenses separately from those of the District. Because the high school contracts with the college for instructional and administrative services, the legal identity is the same as the District. RCCHS shares the same Board of Trustees with the District and the RCCHS is included as an operating unit in the District's financial statements. More information can be found in Footnote 24, including Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, Statements of Cash Flows, and other schedules.

Organization of the District

In 1965, Dallas county voters created the Dallas County Junior College District and began operations at El Centro College in 1966 in downtown Dallas. Since then, the District has expanded and is currently comprised of seven separately accredited colleges:

- El Centro College (1966)
- Eastfield College (1970)
- Mountain View College (1970)
- Richland College (1972)
- Cedar Valley College (1977)
- North Lake College (1977)
- Brookhaven College (1978)

A seven member Board of Trustees is the governing body of the District. The Trustees are elected from single member districts for staggered six year terms. The Chief Executive Officer of the District is the Chancellor. The Chancellor's Staff, comprised of the vice chancellors, provost and college presidents, is responsible for the management and daily operation of the District.

Mission and Values

Together, our colleges enroll more undergraduate (freshman and sophomore) students than any other college, university or community college system in the state of Texas. Since 1965, we have served more than 1.5 million students. DCCCD equips students for successful living and responsible citizenship in a rapidly changing local, national and world community by providing:

- the first two years of a bachelor's degree
- more than 100 high-demand career programs
- enrichment and certification classes for a lifetime of learning
- professors who are dedicated to student success, not a research grant
- unparalleled quality at a tuition that students can afford

Our student population, which mirrors the faces of the community, is diverse: 24.3 percent Hispanic, 23.9 percent African-American, 8.4 percent Asian, 39.9 percent Anglo and 3.4 percent all others combined. We strive to achieve a similar level of diversity among our employees which is currently: 22.1 percent African-American, 13.6 percent Hispanic, 4.2 percent Asian, 58.8 percent Anglo and 1.3 percent all others combined.

Economic Conditions and Outlook

Other than federal grants used for scholarships, the District has three main sources of revenues:

- Ad Valorem Taxes – increased by \$33.9 million as the property tax rate for Maintenance and Operations (M&O) was increased by \$0.02 per \$100 valuation.
- Tuition and Fees – increased by \$1.8 million due to a tuition increase of \$7 per credit hour effective with the spring 2013 semester.
- State Appropriations – decreased by \$0.3 million as instructional funding decreased slightly due to an adjustment in funding for the second year of the 2012-2013 biennium.

Residential property values decreased by 3% in fiscal year 2013 while commercial and business personal property increased by a similar percent. Overall, property values stabilized. According to the Dallas County Appraisal District, the property values for fiscal year 2014 have increased by 4.4% due to strong growth in Dallas' central business district and small increases in residential properties.

From fiscal year 2008 through fiscal year 2011, student headcount enrollment increased 22% while state appropriations for instruction have remained relatively flat. In fiscal year 2013, student headcount decreased by approximately 2% representing a slowdown in the dramatic enrollment growth experienced in prior years. The District expects that enrollments will be flat to slightly decreasing over the next few years and that State Appropriations will remain flat.

Unrestricted expenditures increased \$22.2 million in fiscal year 2013 due mainly to faculty and staff salary increases, the first in three years.

During fiscal year 2013, the District's Series 2004 Maintenance Tax Notes matured. Also, Moody's and Standard & Poors reaffirmed their "AAA" on the District's General Obligation bonds, and Moody's reaffirmed its "AA" rating on our Revenue bonds.

Financial Planning and Budgeting

The District's financial planning is comprised of three planning processes for all seven colleges and the District as a whole:

- Strategic Plan
- Facilities Master Plan
- Annual Budget, including three-year projections

The annual budget process (February through August) uses an allocation method based largely on three factors:

- Base allocation
- Student enrollment
- Facility operations

Each college receives a lump-sum budget allocation, based on total forecasted revenues, that is used to develop the college departmental budgets. This allocation, together with the colleges' fund balances, makes up the total available resources for each college's budget. Each college is responsible for the development and control of the college's budget, expenditures and fund balance. District-wide initiatives are budgeted at the District level and then transferred to each college as necessary. The Board of Trustees approves an "all funds" and college level budget each fiscal year including two revisions during the fiscal year. The Board of Trustees is given updates at

least semi-annually on the three-year projections of revenues and expenditures.

The Facilities Master Plan is developed on a rolling five year basis. It is presented to the Board of Trustees, including any revisions to the Master Plan. Currently, District Facility Management is working with each college and their architect to develop a new master plan for presentation to the Board of Trustees.

Major Initiatives

The Board approved two major facility initiatives in fiscal year 2012 that are continuing into fiscal year 2013:

- \$86 million repair and restoration program to be funded from operations over the next 5-6 years. Approximately \$16 million is dedicated each fiscal year to complete the projects on a priority basis,
- \$12 million ADA upgrade program to be completed in 2014

The District has been involved with the Texas Higher Education Coordinating Board's *Closing the Gaps* since inception. The District also participates in *Texas Completes*, a consortium of eight Texas community colleges that work independently on student success initiatives and sharing the results to implement best practices. Both programs focus on student success.

Independent Audit

State statute requires an annual audit by independent certified public accountants. The purpose of an independent audit is to provide assurance, based on independent review and testing, that the basic financial statements and accompanying notes are fairly stated in all material respects. The independent firm of certified public accountants of McConnell & Jones, LLP was selected by the District's Board of Trustees. In addition to meeting the state statute requirements, the audit is designed to meet the requirements of the Federal Single Audit Act Amendments of 1996 and related OMB Circular A-133 and the state of Texas single audit related to the Uniform Grant Management and Standards Single Audit Circular. The auditors' report related specifically to the single audit is included in the Single Audit Section of the District's comprehensive annual financial report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its comprehensive annual financial report for the fiscal year ended August 31, 2012. This was the first time the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our comprehensive annual financial report for the fiscal year ended August 31, 2013 continues to meet the Certificate of Achievement Program's requirements and we will be submitting it to the GFOA to determine its eligibility for another certificate.

The Texas Comptroller of Public Accounts launched the Texas Comptroller Leadership Circle program in 2009 to recognize local governments that are striving to meet a high standard for financial transparency online. In 2013, the District was awarded a Gold Star for its Financial Transparency webpages. This was the first time the District received this award and DCCCD was

the first community college in Texas to be recognized for financial transparency by the Comptroller's Office. This award is valid for one year. The District believes that it will qualify for the Gold level award next year and we will be submitting the application for 2014.

Acknowledgements

The staff thanks the Board of Trustees for their integrity, interest and insight concerning the fiscal operations of the District and all seven colleges. Also, we wish to thank the Chancellor and the Chancellor's executive staff for their conservative fiscal approach. The timely completion of this report was made possible by the dedication and hard work of the entire Business Affairs staff. We would also like to thank the accounting firm of McConnell & Jones, LLP, for experience and dedication in completion of this report.

Respectfully submitted,

Edward M. DesPlas

Executive Director/CEO

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Dallas County Community College District

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Dallas County Community College District (the "District"), as of and for the years ended August 31, 2013 and 2012, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the business-type activities and discretely presented component unit of the District as of August 31, 2013 and 2012, and the respective changes in financial position and cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 through 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to this required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The introductory and statistical sections on pages 1 through 11 and on pages 99 through 118, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements. The summaries of revenues and expenses (the "Summaries") and the analysis of unrestricted net position components and other financial stability indicators (the "Analysis") of the individual colleges and the central administration of the District on pages 94 through 97 are presented for purpose of additional analysis as required by the Southern Association of Colleges and Schools. The introductory and statistical sections and the Summaries and the Analysis have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

The accompanying supplemental schedules of operating revenues, operating expenses by object, non-operating revenues and expenses, and net position by source and availability on pages 90 through 93, required by the Texas Higher Education Coordinating Board, and the schedules of expenditures of federal and state awards on pages 123 through 125 and pages 126 through 127, respectively, required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State of Texas Single Audit Circular, are presented for purposes of additional analysis and are also not a required part of the basic financial statements. These supplemental schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The supplemental schedules and the schedules of expenditures of federal and state awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules and the

schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December XX, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Houston, Texas
December XX, 2013

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012 (UNAUDITED)

Management's discussion and analysis of the annual financial statements of the Dallas County Community College District ("District") is designed to help readers understand some of the conditions and events contributing to the current financial position of the District as well as to point out trends and changes in the results of operations. Please read it in conjunction with the Chancellor's letter, the transmittal letter, the District's basic financial statements and the footnotes. Responsibility for the completeness and fairness of this information rests with the District. For purposes of the summary and discussion, the terms "2013", "2012" and "2011" refer to fiscal years ended August 31, 2013, August 31, 2012 and August 31, 2011, respectively.

FINANCIAL HIGHLIGHTS FOR 2013

- Total assets of the District for 2013 were \$1,002.6 million, decreasing by \$0.8 million from 2012. Total liabilities were \$511.0 million, down \$22.5 million
- The District's net position at August 31, 2013 was \$491.6 million, of which, \$204.4 million was unrestricted and may be used to meet the District's ongoing obligations. Total net position increased \$21.7 million.
- The District's operating revenues were \$91.1 million, up \$2.2 million and operating expenses were \$439.6 million, up \$22.2 million. Non-operating revenues were \$370.3 million, for a increase of \$28.7 million.

OVERVIEW OF FINANCIAL STATEMENTS

While the Financial Statements are reported as a unit, the District is comprised of seven separately accredited colleges:

- El Centro College (1966)
- Eastfield College (1970)
- Mountain View College (1970)
- Richland College (1972)
- Cedar Valley College (1977)
- North Lake College (1977)
- Brookhaven College (1978)

Supplemental financial reporting and analysis on the colleges and district operations is included in these Financial Statements for informational purposes.

The District qualifies as a special-purpose government engaged in business-type activities according to the definition in Government Accounting Standards Board (GASB) Statement No. 14 and the financial statements are prepared on that basis. The resulting financial statement format focuses on the District as a whole. The District's basic financial statements are designed to emulate the corporate presentation model whereby the District's fiscal activities are consolidated into one column total. Comparative data from the prior year is shown in a separate column on the face of each of the statements.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012
(UNAUDITED)**

The financial statement format consists of three primary statements: Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, and Statements of Cash Flows. As required by GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, an accrual basis of accounting is employed. This means that transactions are recorded as incurred rather than when cash changes hands.

The Dallas County Community College District Foundation, Inc. ("Foundation") has been discretely presented in the District's statements as a component unit of the District by inclusion of the statements and footnotes of the Foundation in the District's statements and footnotes per GASB Statement No. 39 *Determining Whether Certain Organizations Are Component Units---an Amendment of GASB Statement No. 14*. Because the financial statements of the Foundation are presented in a different format from the District and are incompatible with the District's financial statements, the Foundation's financial statements are presented on separate pages from the District's financial statements. The Foundation is a non-profit organization established in 1973 with its sole purpose being to provide benefits such as scholarships and grants to the District.

The Richland Collegiate High School (RCHS) is operated by the District under a charter issued by the Texas Education Agency (TEA) in October 2005 and approved by the Board of Trustees of the District in 2006. While RCHS receives state reimbursement based on average daily student attendance, the District receives state funding based on the class contact hours. Because RCHS is not a separately incorporated entity and functions as an operating unit of the District, the legal identity of RCHS is the same as the District. In accordance with TEA's requirement for separate financial reporting for the charter activities, more information about RCHS can be found in Footnote 24, including a separate Statements of Net Position and a Statements of Revenues, Expenses and Changes in Net Position, a Statements of Cash Flows and other schedules.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012
(UNAUDITED)**

Statements of Net Position

The focus of the Statements of Net Position is to illustrate the financial position of the District at a point in time. The financial position of the District is presented as of August 31, 2013 and 2012. These statements present the current financial resources (short-term spendable assets) along with assets planned to be held for more than a year. It also shows amounts owed against those assets, and reveals the amount of remaining or "net assets" available to the District for further endeavors. In order to show the trends for the two years presented in the Statements of Net Position, a summary of three years of data for the fiscal years ended August 31, 2011 through 2013 is presented in Table 1 below:

**TABLE 1: CONDENSED STATEMENTS OF NET POSITION
(In Millions)**

	Fiscal Year			Change	
	2013	2012	2011	2013 to 2012	2012 to 2011

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012
(UNAUDITED)

At August 31, 2013, the difference in assets and liabilities was \$491.6 million. While at August 31, 2012, the difference was \$469.9 million, an increase of \$21.7 million.

Changes in Assets

Current assets decreased by \$17 million in 2013 compared to 2012 as a result of a \$7.3 million decrease in cash, due to investments in securities; a \$5.2 million decrease in accounts receivable, due to a reduction in Federal grants receivables; and a \$5.8 million decrease in deferred charges, due to a reduction in scholarships related to next year. Investments increased \$44.6 million due to the investment in securities instead of cash and the increase in ad valorem tax revenues. Capital assets decreased by \$12 million due to depreciation of \$29 million charged in fiscal year 2013 which was partly offset by the capitalization of new fixed asset acquisitions of \$14.7 million during the same period.

Changes in Liabilities

Current liabilities decreased in 2013 over 2012 by \$3.0 million due to the decrease in the current portion of bonds payable and a decrease in deferred revenues.

Non-current liabilities decreased in 2013 by \$19.5 million, compared to the 2012 balance, as long term bonds became current and matured.

Statements of Revenues, Expenses, and Changes in Net Position

The Statements of Revenues, Expenses and Changes in Net Position presents the operating results of the District, as well as non-operating revenues and expenses. Of the three main sources of revenue—ad valorem taxes, state appropriations and tuition, only tuition represents an exchange for services. Taxes and state appropriations represent non-exchange transactions and thus are considered non-operating revenues. This approach to presenting revenues and expenses is intended to summarize and simplify the user's analysis of the various District services to students and the public. Depending on whether revenues or expenses are greater for the year, a net increase or net decrease in net position is created. The ending balances of net position on these statements agree with those shown on the Statements of Net Position (Exhibit 1).

Results of operations and non-operating activities are summarized in Table 2 on the following page, which was prepared from the Statements of Revenues, Expenses, and Changes in Net Position (Exhibit 2).

Net Position - End of Year	<u>\$ 491.6</u>	<u>\$ 469.9</u>	<u>\$ 456.9</u>	<u>\$ 21.7</u>	<u>\$ 13.0</u>

Operating Revenues

The two major sources of operating revenues are tuition and various grants and contracts. Tuition revenue is reported net of discounts for tuition paid by various federal, state and local grants, including those associated with the Title IV Higher Education Administration Program. Additionally, state mandated or locally approved remissions and exemptions are reported as discounts against tuition. Tuition increased slightly in 2013 due mainly to an increase in tuition effective with the spring 2013 semester. Overall, student enrollments are down from 2012. Grants and contracts provided 24.4% of operating revenue for 2013, which is up slightly compared to 2012, but down from 2011. Auxiliary revenues, commissions from bookstores and food service providers have been decreasing slowly since 2011. A new program of textbook rental instead of purchase has been favorable with the District's students; however, this has caused a decrease in bookstore commissions.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012
(UNAUDITED)

Non-Operating Revenues

State appropriations were constant for 2013, the second half of the state's biennium, but decreased by \$10.1 million for 2012 over 2011 due to a reduction in state funding for health care and retirement benefits for all Texas community colleges in the State's 2012-2013 Appropriations Act.

Ad Valorem Tax revenue, net of collection fees and bad debt, increased dramatically as the rate for maintenance and operations (M&O) was increased by \$0.02 per \$100 valuation, a 25% increase. Tax revenue increased \$33.9 million in 2013. Ad Valorem Tax revenue has exceeded state appropriations as the primary funding source in all three fiscal years shown, representing 51.5%, 45.8% and 44.9% of total non-operating revenues, respectively, compared to 29.5%, 32.0% and 33.9% for state appropriations. The taxable assessed valuation for the District increased slightly with commercial and business personal property showing increases, offset by decreases in residential values. Investment income decreased by \$5.3 million in 2013 over 2012 due to increases in interest rates during 2013, lowering the market value of the District's securities. This unrealized loss is not expected to reduce the District's actual future investment income as securities are generally held to maturity. Interest on capital related debt decreased by \$0.7 million.

Operating Expenses

Operating Expenses increased \$22.2 million in 2013 over the 2012 due to a substantial across the board salaries increase for faculty and staff, the first increase since 2010. More information about the Operating Expenses is covered below.

Revenues by Source

Generally accepted accounting principles, promulgated by GASB, prohibit reporting state appropriations and ad valorem tax revenues — two major sources of revenue of the District — as operating revenue, on the basis that each represents revenue from non-exchange transactions. Accordingly, state appropriations and revenues recognized from ad valorem taxation are reported as non-operating revenues. This results in reporting large operating losses which are significantly decreased after inclusion of these non-operating revenues and others that really are intended to contribute to operations. State appropriations are restricted by law to be used only for the educational and general expenses of the District, which are its prime operations. Ad valorem tax revenues are broken into two types: those for maintenance and operations and those for debt service. The maintenance and operations portion is specifically designed to apply to operations, although a portion can be used for paying the debt service on maintenance tax notes. Interest revenue is obtained through pooled investments, a large portion of which is attributable to operations. Also federal financial aid was recently reclassified to non-operating revenue by GASB even though the portion that relates to tuition is required to be reported as a tuition discount against operations.

All revenues, both operating and non-operating, are presented on the following page in Table 3 and a graph of Revenue by Source (Figure 1).

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

Operating Expenses

Operating Expenses are presented in two formats: *Natural Classification* and *Functional Classification*. The Natural Classification is intended to show "what" the dollars were spent on and the Functional Classification shows "who" spent the dollars.

Natural Classification

In 2013, salary expense increased as the District gave across the board employee salary increases. Additional full time and part time faculty pay increases were also given in order to compete in the local market. Salaries increased \$17.7 million over 2012 but are still only \$3.4 above the level of 2011. Approximately \$12.9 million of the increase was due to the salary increases and \$4.8 million was due to hiring of fifty additional full time faculty. Decreases in salaries in 2012 were due to a voluntary retirement program in 2011 and replacement positions were not filled or hired at lower salaries. Benefits increased in 2013 due to the effect of the salary increases on variable benefits. As a percentage of salary expenses, benefits were 20.4% in 2013, 21.2% in 2012 and 23.6% in 2011.

Functional Classification

As would be expected, the bulk of operating expenses are for instruction which increased \$10.3 million in 2013 compared to 2012 with the salary increases being the majority of the increase. The same is true for the other functional classification with personnel. The decrease in scholarships is attributable to a slight decline in student enrollment. See Table 5 and Figure 3.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012 (UNAUDITED)

The Foundation

As required when meeting the criteria delineated in GASB Statement No. 39, the District began including the statements of the Foundation starting in fiscal year ended August 31, 2004. For the fiscal year ended August 31, 2013, the Foundation's net position was \$35.9 million, an amount that represents 7.3% of the District's net position for the same period. For the fiscal year ended August 31, 2012, the Foundation's net position was \$35.3 million, which represents 7.5% of the District's net position for the same fiscal year. The income from the Foundation is partially used to fund grants and scholarships for the students and employees of the District. However, most of the Foundation's net position is permanently restricted and therefore not available for the District's direct use. Permanently restricted net position of the Foundation was \$25.3 million and \$27.5 million for the fiscal years ended August 31, 2013 and 2012, respectively.

Statements of Cash Flows

The Statements of Cash Flows combines information from the Statements of Net Position and the Statements of Revenues, Expenses and Changes in Net Position to illustrate the effect of various actions of the District on the availability and ultimate change in the amount of cash from one year to the next. The cash provided or used by operations, capital and non-capital financing, and investing activities combine to show the net change in cash and cash equivalents. The final portion of the Statements of Cash Flows reconciles the net income or loss from operations to the cash provided or used by operations.

Cash Flows from Operating Activities decreased \$4.4 million with increases in payroll due to employee raises offset by decreases in payments to vendors and for scholarships. Cash Flows from Non-Capital Financing Activities increased \$36 million due mainly to the increase in ad valorem taxes from the tax rate increase implemented in 2013. Cash Flows from Financing Activities decreased \$6 million as bonds matured and no debt was issued. Cash Flows from Investing Activities increased \$37 million as the additional ad valorem tax revenue was invested. The District has strived to reduce the amount in Cash and Cash Equivalents by investing in longer term maturities so to increase investment income.

Capital Asset and Debt Administration

For the fiscal year ended August 31, 2013, net capital assets decreased by \$22 million. By August 31, 2012, the amounts had decreased by \$18.5 million compared to 2011. After completion in prior years of a large number of capital construction projects under the 2004 capital improvement program, the current changes are indicative of the completion of that program and the beginning of depreciation for the buildings placed into service.

Total	1,010.8	1,006.2	1,000.3	4.6	5.9
Less Accumulated Depreciation	(350.4)	(323.8)	(299.4)	(26.6)	(24.4)
Net Capital Assets	\$ 660.4	\$ 682.4	\$ 700.9	\$ (22.0)	\$ (18.5)

After several years of issuing bonds related to the 2004 capital improvement program, no bonds were issued by the District in the fiscal years ended August 31, 2013, 2012 and 2011. The Series 2004 Maintenance Tax Notes fully matured in 2013 which will reduce future debt service payments by \$2.2 million and a portion matured in 2012, reducing debt service by \$4.2 million in 2013 compared to 2012. The Series 2009 Revenue bonds fully matured in 2012. The Debt Service Coverage Ratio for Revenue bonds increased to 13.8 in 2013 from 7.0 in 2012 as the District revised the state allowed tuition pledge to 25% of tuition per student per semester. There are no current plans for any new bond issues or refunding.

In preparation for selling the general obligation bonds, Standard & Poors, Inc., Moody's Investors Service, Inc. and Fitch Ratings all assigned their highest credit rating of AAA for the District. Some of the reasons cited for the rating were (1) a strong tax base, (2) flexible revenue sources, and (3) strong fiscal management. There are only a handful of community colleges in the country that have the highest rating from all three rating agencies. Fitch Ratings reaffirmed this rating in 2012. Moody's and Standard and Poor's reaffirmed their ratings in 2013. Additional information on both capital assets and long term debt can be found in notes to the financial statements (See Notes 6-9).

Currently Known Facts, Decisions and Conditions

The 83rd Legislature passed an appropriation act for the 2014-2015 biennium and changed the method of funding to the state's fifty community college districts. Each college district will receive a base funding of \$500,000 per year. Each college district also receives an allocation based on reportable contact hours and another portion for student success. The Legislature also increased the benefit funding for community colleges compared to the 2012-2013 biennium. In total, state funding for the District will increase in 2014 by approximately \$2.4 million and \$3.7 million in 2015.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012
(UNAUDITED)**

The certified tax assessed value increased for fiscal year 2014 by 5% and the Board approved a maintenance and operations tax rate of \$0.104 per \$100 valuation, an increase of 5.5%. The debt service rate was decreased slightly to \$0.02070 per \$100 valuation.

In September 2013, the District was notified by the Internal Revenue Service of a \$500,000 penalty for missing tax identification numbers on its submission of form 1098-T. The District has responded that the college has operated with a good faith effort and has requested the penalty be waived; however, a liability was recorded in 2013 for the full amount. The District has also taken appropriate steps to comply with the requirements for the 2013 submission of form 1098-T.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, students, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Affairs office at 4343 IH-30, Mesquite, Texas 75150-2018 or visit our Financial Transparency link at the bottom of the homepage on our website at: www.dcccd.edu

For financial information about the Dallas County Community College District Foundation, Inc., please contact the Foundation at DCCCD Foundation, 1601 South Lamar, Dallas, Texas 75215-1816.

The accompanying notes are an integral part of the financial statements.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

1. REPORTING ENTITY

The Dallas County Community College District (the "District") was established in 1965 in accordance with the laws of the State of Texas to serve the educational needs of Dallas County and the surrounding communities. The District is considered to be a special purpose, primary government. While the District receives funding from local, state, and federal sources and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

While the Financial Statements are reported as a unit, the District is comprised of seven separately accredited colleges:

- El Centro College (1966)
- Eastfield College (1970)
- Mountain View College (1970)
- Richland College (1972)
- Cedar Valley College (1977)
- North Lake College (1977)
- Brookhaven College (1978)

Financial reporting on the individual colleges and the District's central administration operations is included in the Financial Section, "Supplemental Financial Reporting by College."

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units, including the Dallas County Community College District Foundation, Inc. (the "Foundation"). The Foundation is a separate non-profit organization, and its sole purpose is to provide benefits such as scholarships and grants to the students, faculty and staff of the District, as well as raise money to support capital projects. The Foundation is a legally separate entity which does not provide a financial benefit or impose a financial burden on the District. The District does not appoint any of the Foundation's board members. The financial position and results of operations of the Foundation are included in these financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement No. 39, *Determining Whether Certain Organizations Are Component Units - an Amendment of GASB Statement No. 14*, as an affiliated entity because the Foundation's sole function is to fund the District and its students.

Richland Collegiate High School (RCHS) began its first full year of operations in the fiscal year ended August 31, 2007. RCHS was granted a charter by the Texas Education Agency (TEA) in October 2005. The Board of Trustees of the District subsequently approved the charter in May 2006. While RCHS receives state reimbursement based on average daily attendance, the District also receives state funding dollars for the contact hours. TEA requirements necessitate tracking RCHS revenues and expenses separately from those of the District. Because the high school "contracts" with the college for instructional and administrative services, the legal identity is the same as the District. RCHS shares the same Board of Trustees with the District and the RCHS is included as an operating unit in the District's financial statements. More information can be found in Footnote 24, including Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, Statements of Cash Flows, and other schedules.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Report Guidelines— In accordance with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the District is classified as a special purpose government with all financial data of the District reflected as one business-type activity. The Statements of Net Position display the financial position of the District at the end of each fiscal year and the Statements of Revenues, Expenses, and Changes in Net Position display the operations of the District for the fiscal years ended August 31, 2013 and 2012. The financial statements are prepared using the economic resources measurement focus and the full accrual method of accounting.

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The accompanying financial statements of the District are presented in accordance with accounting principles generally accepted in the United States of America (US GAAP). The District applies all applicable GASB pronouncements.

Tuition Discounting

Texas Public Education Grant

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition revenue amounts on Schedule A as a separate amount (Texas Education Code §56.0333). When the award for tuition is used by the student, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Administration (HEA) Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to students. These funds are initially received by the District and recorded as revenue. When the student is awarded these funds for tuition, the amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The District awards certain tuition scholarships from institutional and grant funds to students who qualify. When these amounts are transferred to the student for tuition, the amounts are recorded as tuition revenue and a corresponding amount is recorded as a tuition discount.

Basis of Accounting—The financial statements of the District have been prepared on the accrual basis, whereby all revenues are recorded when earned and expenses are recorded when they become a legal or contractual obligation to pay.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

Cash and Cash Equivalents—The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments—In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair value is based on published market rates. Short-term investments consist of investments that have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories—Inventories consists of consumable office and physical plant supplies. Inventories are valued at cost under the first-in, first-out method and are charged to expense as consumed.

Deferred Charges—Current deferred charges of \$32,009,219 and \$37,738,857 represent expenses for scholarships and fellowships related to the periods after August 31, 2013 and 2012, respectively, and \$307,768 and \$322,944 represent bond issue costs to be amortized in the periods after August 31, 2013 and 2012, respectively.

The District defers and amortizes the production costs associated with instructional television programs and other related materials on a straight-line basis over the estimated useful life of such media, which ranges from two to five years. These materials are produced and used both internally for instruction and for lease by the District to other educational institutions. Aggregate deferred production costs, net of accumulated amortization, amounted to \$1,645,056 and \$2,175,132 at August 31, 2013 and 2012, respectively, and have been included in the accompanying Statements of Net Position as non-current deferred charges. In addition, \$2,205,898 and \$2,513,666, the non-current portion of bond issue costs being amortized over the life of the bonds, is included for the periods ended August 31, 2013 and 2012, respectively.

Budgetary Data--Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Trustees adopts the budget and any revisions during the year. A copy of the approved budget is filed by December 1st with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library and the Governor's Office of Budget and Planning.

Capital Assets—Capital assets are stated at cost. Donated capital assets are recorded at their estimated fair value on the date received. The District reports depreciation under a single-line item as a business-type unit. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Library materials purchased during the fiscal year in an aggregate amount of \$5,000 or more are subject to capitalization and depreciation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Equipment, furniture, telecommunications and peripheral equipment apply depreciation on a half-month convention. A full-year convention is applied for buildings, facilities, land improvements and library books. Estimated useful lives of capital assets are established according to the following:

Buildings	50 years
Facilities and other improvements	20 years
Library books	15 years
Furniture, machinery, vehicles, and other equipment	10 years
Major maintenance initiatives	10 years
Telecommunications and peripheral equipment	5 years

Unearned Revenues—Tuition and other revenues received, which relate to future periods, have been reported as unearned revenue.

Estimates—The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy—The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and contracts and grants. Other Operating Revenues consists of a variety of miscellaneous revenues that includes such items as payments for parking citations, room rental income, ticket sales, credit by exam income and other miscellaneous income not applicable to any other category. The major non-operating revenues are state appropriations, property tax collections and Title IV federal revenues. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operations of the bookstore and food service are performed by a third party contracted by the District.

Use of Restricted Resources—The District's practice is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

Compensable Absences—The District's policy is to accrue employee annual leave pay as earned. Sick leave and extenuating circumstance leave is not accrued, as a terminated employee is not paid for the accumulated balance of either.

Self-Insurance—The District is self-insured for a portion of workers' compensation losses. A liability has been recorded for the estimated amount of eventual loss which will be incurred on claims arising prior to the end of the fiscal year.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

GASB Pronouncements---Effective with fiscal year 2013, the District implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Revenues, and Net Position*. This pronouncement had no significant impact on the District's financial statements. In fiscal year 2014, all Texas community colleges will implement the following:

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*

GASB Statement No. 67, *Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25*

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions; an amendment of GASB Statement No. 25*

Prior Year Restatements--- A certain balance of fiscal year 2012 has been reclassified to conform to fiscal year 2013 presentation.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

3. AUTHORIZED INVESTMENTS

The Board of Trustees of the District has adopted a written investment policy for the investment of its funds as defined in the Public Funds Investment Act (PFIA) of 1995, Section 2256.005 of the Texas Government Code, as amended.

The College District may make investments only in the following types of instruments:

- Treasury bills, treasury notes, and treasury bonds of the United States and other direct obligations of the agencies and instrumentalities of the United States as permitted by Government Code 2256.009.
- Fully collateralized repurchase agreements and reverse repurchase agreements permitted by Government Code 2256.011.
- Certificates of deposit and share certificates that are fully guaranteed or insured by the FDIC, through an authorized broker/dealer, to one or more than one depository institution, as permitted by Government Code 2256.010.
- Public funds investment pools as permitted by Government Code 2256.016.
- A securities lending program as permitted by Government Code 2256.0115.
- No-load money market mutual funds as permitted by Government Code 2256.014.
- A guaranteed investment contract as an investment vehicle for bond proceeds, provided it meets the criteria and eligibility requirements established by Government Code 2256.015.
- Obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than AA or its equivalent as permitted by Government Code 2256.009(a).
- Investments that are fully guaranteed or insured by the FDIC.
- Commercial paper with a maximum maturity of 181 days, rated A1/P1 by a nationally recognized rating agency.

Investment in any and all types of derivatives is prohibited.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

4. DEPOSITS AND INVESTMENTS

Under the terms of a bank depository agreement, District funds are to be fully invested at all times. The District maintains an investment pool included in the Statements of Net Position as "Cash and Cash Equivalents" for those items with original maturities of 90 days or less, as "Short-term Investments" for those items with original maturities of 91 days to one year, and as "Long-term Investments" for those items with maturities of greater than one year.

Various restrictions on deposits and investments, including repurchase agreements, are imposed by statute and District policy. These restrictions are summarized below:

Deposits—Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. All deposits with the depository bank of the District must be collateralized in an amount equal to at least 100% of the amount of uninsured collected funds. The collateral must be held by a third-party collateral bank in the name of the District or there may be a surety bond issued by a company mutually agreeable to the District and the Depository.

The carrying amount of the District's deposits with financial institutions as of August 31, 2013 was \$3,966,910, and the bank balance was \$5,666,032. The carrying amount of the District's deposits with financial institutions as of August 31, 2012 was \$4,612,943, and the bank balance was \$6,651,011. At August 31, 2013 and 2012, all of the District's deposits with banks were either insured by FDIC or collateralized with securities through third party agreements.

Cash and cash equivalents included on the Statements of Net Position consist of the following:

	2013	2012
Bank deposits		
Local funds - demand	\$ 3,958,410	\$ 4,604,443
Imprest funds	8,500	8,500

Cash on hand	28,004	28,001
Cash equivalents		
Investment in TexPool	3,252,332	1,235,541
Investment in TexSTAR	12,455,289	29,332,686
Investment in LOGIC	2,541,056	-
Total cash equivalents	18,248,677	30,568,227
Total cash and cash equivalents	\$ 22,243,591	\$ 35,209,171

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

Investments—The District has implemented GASB Statement No. 40, *Deposit and Investment Risk Disclosures - an Amendment of GASB Statement No. 3*. Disclosures are presented accordingly. The District is authorized to invest in obligations and instruments as defined in applicable sections of the current Texas Education Code and the Public Funds Investment Act of 1995 (Chapter 2256, Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The investment policies of the District are governed by formally adopted procedures and allow investments as permitted under state laws for public institutions. Permissible investments under District policy include U.S. Treasury notes, certificates of deposit purchased from FDIC-insured state or nationally chartered U.S. banks, fully collateralized repurchase agreements and reverse repurchase agreements, investment pools, and securities issued by U.S. government agencies or municipalities.

At August 31, 2013 and 2012, long-term investments consisted of U.S. government and agency securities and obligations of municipalities. District policy requires that securities underlying its repurchase agreements must have a market value of at least 102% of the cost of the repurchase agreement and are to be collateralized with U.S. Treasury obligations or related securities which must be delivered to its depository banks for safekeeping. The District determines that, at least monthly, the collateral has a market value adequate to support such investments and that the collateral has been segregated by the bank.

Investments made by the District are carried at fair value, defined as the price at which two willing parties would complete an exchange.

As of August 31, 2013 the District had the following cash equivalents and investments:

	Fair Value	Investment Maturities (In Years)					
		Less than 1	1-2	2-3	3-4	4-5	5-6
U. S. Agency notes and bonds	\$ 233,649,222	\$ -	\$ -	\$ 4,975,000	\$ 56,865,890	\$ 62,877,584	\$ 108,930,748
Investments in TexPool	3,252,332	3,252,332	-	-	-	-	-
Investments in TexSTAR	12,455,289	12,455,289	-	-	-	-	-
Investments in LOGIC	2,541,056	2,541,056	-	-	-	-	-
Total cash equivalents and investments	<u>\$ 251,897,899</u>	<u>\$ 18,248,677</u>	<u>\$ -</u>	<u>\$ 4,975,000</u>	<u>\$ 56,865,890</u>	<u>\$ 62,877,584</u>	<u>\$ 108,930,748</u>

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

As of August 31, 2012 the District had the following cash equivalents, investments and maturities:

	Fair Value	Investment Maturities (In Years)					
		Less than 1	1-2	2-3	3-4	4-5	5-6
U. S. Agency notes and bonds	\$ 186,997,675	\$ -	\$ 20,019,072	\$ 13,026,949	\$ 48,512,846	\$ 55,358,437	\$ 50,080,371
Municipal obligations	2,039,180	-	-	2,039,180	-	-	-
Investments in TexPool	1,235,541	1,235,541	-	-	-	-	-
Investments in TexSTAR	29,332,686	29,332,686	-	-	-	-	-
Total cash equivalents and investments	<u>\$ 219,605,082</u>	<u>\$ 30,568,227</u>	<u>\$ 20,019,072</u>	<u>\$ 15,066,129</u>	<u>\$ 48,512,846</u>	<u>\$ 55,358,437</u>	<u>\$ 50,080,371</u>

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. As previously described, the District's investment policy limits credit risk based on meeting requirements of State law.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The District policy provides that investment maturities are limited to six years with the average maturity of no more than five years as a means of managing exposure to fair value losses arising from increasing interest rates. The District's philosophy is to hold all investments to their maturity.

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The District's investment policy sets guidelines for the maximum percent of portfolio for any one type of investment. However, all of the District's investments are backed by the U.S. Government and are not subject to concentration of credit risk. Investment in U.S. Agency securities, as the largest component of the portfolio, comprises 83.17% of the District's total portfolio at August 31, 2013 and meets the District's guideline of no more than 85% of the portfolio being U.S. Agency securities.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

There were no investments held by broker-dealers under reverse repurchase agreements as of August 31, 2013 or 2012.

TexPool represents an investment service authorized by the Texas Legislature and is under the direction of the State Comptroller. TexPool investments are subject to the same safety requirements maintained by the State Treasury for all state funds, including but not limited to compliance with the Public Funds Investment Act. The Legislature has authorized only certain investment instruments for public funds, including repurchase agreements, U.S. Treasury bills and bonds, securities of other U.S. government agencies, commercial paper and other safe instruments. The carrying value of TexPool represents the investment of the District. The investment in TexPool plus accrued interest may be redeemed by the District at any time. TexPool has not been assigned a risk category since the District is not issued securities, but rather owns an undivided beneficial interest in the assets of TexPool. The District's investment in TexPool is included within cash and cash equivalents in the accompanying Statements of Net Position, as the investment is redeemable on demand.

Created in April 2002 through a contract among its participating governing units, TexSTAR is governed by a board of directors to provide for the joint investment of participants' public funds under their control and meets requirements under the Public Funds Investment Act consequently investing in instruments similar to TexPool. Like those for TexPool, investments in TexSTAR plus accrued interest may be redeemed by the District at any time. Therefore, investments in TexSTAR are included within cash and cash equivalents in the accompanying Statements of Net Position.

Local Government Investment Cooperative (LOGIC) is managed by JP Morgan Chase and First Southwest Asset Management, Inc. in compliance with the Texas Public Funds Investment Act. LOGIC carries Standard & Poors AAAM rating. In addition to investing in U.S. Treasury and Agency Securities, LOGIC provides additional diversification by investing in repurchase agreements and prime commercial paper. Investments in LOGIC are included within cash and cash equivalents in the accompanying Statements of Net Position.

TexPool, TexSTAR and LOGIC are not registered with the SEC as investment companies but they operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. GASB 31 allows 2a7-like pools to use amortized cost (which excludes unrealized gains and losses) rather than market value to report net position to compute share price.

Derivatives are investment products which may be a security or a contract that derives its value from another security, currency, commodity, or index, regardless of the source of funds used. The investment policy of the District prohibits investments in derivative securities.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

7. DEBT AND LEASE OBLIGATIONS

The District has authorized debt of General Obligation (GO) bonds, Maintenance Tax Notes (MTN) and Revenue bonds. GO bonds are authorized by the Board of Trustees and approved by the voters of the District's service area and secured by an ad valorem tax rate Interest & Sinking portion (I&S) to cover the debt service of the bonds. MTN are secured by the Maintenance & Operations portion (M&O) of the District's tax rate and are authorized by the Board of Trustees. Revenue bonds are secured by a portion of tuition and other revenue streams of the District. The following table shows the debt service by each type of bond for the next five years and thereafter:

Year ended	General Obligation Bonds		Revenue Bonds		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
August 31:						
2014	\$ 16,845,000	\$ 16,713,318	\$ 2,090,000	\$ 817,633	\$ 18,935,000	\$ 17,530,951
2015	17,525,000	16,035,094	2,175,000	721,457	19,700,000	16,756,551

Series 2010 General Obligation Bonds	\$ 47,060,000	2.00%-5.00%	2011	2030	2/15/2020
Series 2010 General Obligation Refunding Bonds	\$ 49,290,000	2.00%-5.00%	2011	2025	2/15/2021

On April 6, 2004, pursuant to authority conferred by the Constitution and the laws of the State of Texas, including Sections 45.108 and 130.084, Texas Education Code, as amended, the District issued \$38,555,000 of Maintenance Tax Notes ("Series 2004 Notes"). The proceeds of the notes are being used to pay for planned maintenance expenses associated with various facilities of the District. The notes are direct obligations of the District payable from a continuing direct annual ad valorem tax pursuant to the District's maintenance tax authority, with the limits prescribed by law, on all taxable property in the District. Debt issue costs are being amortized over the life of the notes. As of August 31, 2013, there were no outstanding amount on the Series 2004 Notes.

On September 14, 2004, the District issued \$67,375,000 par value general obligation bonds ("Series 2004 Bonds") as the first issue of a \$450 million bond package approved by the voters in May 2004. A bond premium of \$3,288,442 and accrued interest of \$258,442 were received. The bonds were sold in \$5,000 increments with various interest rates and maturity dates. The earliest maturity date is February 15, 2006 and the last is February 15, 2025. A call option can be exercised for maturities after 2013. The cost of issuance and underwriter's discount totaled \$662,500. Proceeds of the bonds are to be utilized for acquisition of land and buildings and activities related thereto. The bonds were issued and the tax levied for their payment, pursuant to authority conferred by the Constitution and laws of the State of Texas. On June 1, 2010, the bonds were recalled and refunded by Series 2010 General Obligation Refunding Bonds for maturities between 2013 and

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

2025.

On December 15, 2006 the District advance refunded \$27,050,000 of its outstanding Series 2001 Bonds for maturities 2011 and later by issuing \$25,275,000 in Series 2006 Revenue Financing System Refunding Bonds ("Series 2006 Bonds"). All Series 2006 Bonds authorized have been issued to date. The average interest rate of the Series 2006 Bonds is 4.408% with a coupon range of 4.000-5.000%. After payment of \$413,578 in underwriting fees, insurance, and other issuance costs, all resources from the Series 2006 Bonds including transfers of \$2,965,199 of Series 2001 Bonds debt service funds were used to purchase U.S. Government securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt payments on the refunded 2001 Series Bonds. The Series 2001 Bonds are considered fully defeased for maturities 2011 and later and the liability for those bonds has accordingly been removed from the Statements of Net Position. Advance refunding of the 2001 Series Bonds reduces the District's debt service payments by \$2,444,134. An economic gain (the difference between net present values of the debt service payments on the old and new debt adjusted for cash paid out) of \$1,208,966 was obtained by the advance refunding. The accounting "loss" that resulted from the bond refunding is \$1,130,637 and is being amortized over the life of the new debt by the effective interest method. At August 31, 2013, there was no Bond Reserve fund requirement.

On September 4, 2008, the District issued its second tranche of general obligation bonds approved by voters in the May 2004 \$450 million bond election. With a par amount of \$211,975,000 these bonds ("Series 2008 Bonds") were sold with a reoffering premium of \$9,629,583 and accrued interest of \$983,667. The bonds were sold in \$5,000 increments with interest rates varying from 3.5% to 5.0% and maturity dates from February 15, 2009 to February 15, 2028. A call option can be exercised for maturities after February 15, 2019. The cost of issuance and underwriter's discount totaled \$1,513,305. Proceeds of the bond were utilized to refund the \$125,000,000 outstanding of commercial paper, which matured on September 4, 2008, the same day as the bond proceeds were received. Remaining bond proceeds of \$95,000,000 were utilized for constructing and equipping buildings in the District. The bonds were issued and the tax levied for their payment, pursuant to authority conferred by the Constitution and laws of the State of Texas.

On June 4, 2009, the District issued the third tranche of general obligation bonds for the \$450 million bond election. This "Series 2009 Bonds" have a par amount of \$102,985,000 and were sold with a reoffering premium of \$7,904,650 and accrued interest of \$439,704. The bonds were sold in \$5,000 increments with interest rates varying from 1.5% to 5.0% and maturity dates from February 15, 2010 to February 15, 2029. The cost of issuance and underwriter's discount totaled \$869,233. Proceeds of the bond were utilized to continue the constructing and equipping of buildings in the District. The bonds were issued and the tax levied for their payment, pursuant to authority conferred by the Constitution and laws of the State of Texas.

On June 22, 2009, the District issued bonds through private placement for a current refunding of its outstanding Series 1998 bonds totaling \$6,370,000 by issuing \$6,460,000 in Series 2009 Revenue Financing System Refunding Bonds ("Series 2009 Refunding Bonds"). All Series 2009 Refunding Bonds authorized have been issued to date. The average interest rate of the refunding bonds is 2.073% with a coupon range of 1.300% - 2.300%. After a placement fee of \$39,200 and other issuance costs totaling \$31,950, all resources from the Series 2009 Refunding Bonds, including

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

transfers of \$124,931 of Series 1998 Bonds debt service funds, were placed into an escrow fund to provide for payments on the recalled Series 1998 Bonds. The Series 1998 Bonds are fully paid and the liability for those bonds has accordingly been removed from the Statements of Net Positions. Current refunding of the Series 1998 Bonds reduces the District's debt service payments by \$185,903. An economic gain (the difference between net present values of the debt service payments on the old and new debt adjusted for cash paid out) of \$178,772 was obtained by the current refunding. At August 31, 2013, there was no outstanding amount on the Series 2009 Refunding Bonds.

On January 15, 2010, the District issued its fourth and final tranche of general obligation bonds for the \$450 million bond election. The "Series 2010 General Obligation Bonds" have a par amount of \$47,060,000 and were sold with a reoffering premium of \$3,394,071. The bonds were sold in \$5,000 increments with interest rates varying from 2.0% to 5.0% and maturity dates from February 15, 2011 to February 15, 2030. The cost of issuance was \$158,879 and underwriter's discount was \$295,193. Proceeds of the bonds were utilized to continue the constructing and equipping of buildings in the District. The bonds were issued and the tax levied for their payment, pursuant to authority conferred by the Constitution and laws of the State of Texas.

On June 1, 2010, the District advanced refunded \$50,635,000 of its outstanding Series 2004 General Obligation Bonds by issuing \$49,290,000 of Series 2010 General Obligation Refunding Bonds ("Series 2010 Refunding Bonds"). All Series 2010 Refunding Bonds authorized have been issued to date. The average interest rate of the refunded bonds is 5% as all remaining outstanding bonds were 5% interest. After payment of \$839,077 in issuance costs and underwriting fees, including issuance costs carried forward from the refunded bonds, net proceeds were \$55,099,048. Debt service funds were placed in an irrevocable trust with an escrow agent to provide for all future debt payments on the Series 2004 Bonds. The Series 2004 Bonds are considered fully defeased for maturities 2013 and later and the liability for those bonds has accordingly been removed from the Statements of Net Position. An economic gain of \$3,118,507 was obtained by the advance refunding. The accounting "loss" that resulted from the bond refunding is \$2,757,407 and is being amortized over the life of the new debt by the effective interest method.

In 2013, the District incurred \$16,123,604 in interest cost, of which \$16,123,604 was expensed. In 2012, the District incurred \$16,862,201 in interest cost, of which \$16,862,201 was expensed.

At its April 3, 2007 meeting, the Board of Trustees of the Dallas County Community College District passed a resolution approving the use of a Commercial Paper Program for use as an interim financing tool for the \$450 million, voter-approved, capital improvement program ultimately financed by Interest and Sinking ad valorem taxes. The Commercial Paper Program was ended by board resolution on November 3, 2009.

10. EMPLOYEES' RETIREMENT PLAN

The State of Texas has joint contributory retirement plans for almost all its employees. Full time employees participate in either the Teacher Retirement System (TRS) or the Optional Retirement System (ORP).

Teacher Retirement System of Texas – Defined Benefit Plan

Plan Description - The District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple-employer defined benefit pension plan. TRS administers retirement and disability annuities and death and survivor benefits to employees and beneficiaries of employees of the public school systems, colleges and university employees and state employees. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67 and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us under the TRS Publications heading.

Funding Policy – Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The State funding policy is as follows: (1) The State constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of TRS; (2) A State statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. In certain instances, the reporting district is required to make all or a portion of the state's contribution amounts.

<u>Teacher Retirement Contribution Rates</u>	<u>2013</u>	<u>2012</u>
Member Contribution	6.40%	6.40%
Employer/State Contribution	6.40%	6.00%

District employees who are employed for one half or more of the standard workload and who are not exempted from membership under Texas Revised Civil Statutes are eligible to participate in TRS. Employees who retire at or after age 65 with 5 years of creditable service or age 60 with 20 years of service or age 55 with 30 years of service are entitled to full retirement benefits. Eligible employees may receive reduced benefits at age 55 with at least 5 years of service or at any age with 30 or more years of service.

Optional Retirement Plan – Defined Contribution Plan

Plan Description - Eligible faculty and administrative personnel may participate in an optional retirement plan in lieu of the Teacher Retirement System plan. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

Funding Policy - Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. In certain instances, the reporting district is required to make all or a portion of the State's contribution amounts.

<u>Optional Retirement Plan Contribution Rates</u>	<u>2013</u>	<u>2012</u>
Member Contribution of Annual Compensation	6.65%	6.65%
State Contribution of Participant's Salary	6.00%	6.00%
District Contribution of Participant's Annual Compensation for Participants Enrolled Prior to September 1, 1995	2.50%	2.50%
District Contribution of Participant's Annual Compensation for Participants Enrolled After September 1, 1995	0.58%	0.58%

Since these are individual annuity contracts, the State has no additional or unfunded liability for this program.

Retirement Plan Expense

Below is a summary of both the ORP and TRS retirement plan expense for fiscal years ended August 31, 2013 and 2012.

<u>ORP and TRS Retirement Plan Expense</u>	<u>2013</u>	<u>2012</u>
Total Payroll	\$ 225,372,932	\$ 207,751,629
TRS Payroll-Eligible Employees	120,944,389	109,997,907
ORP Payroll-Eligible Employees	56,966,049	52,368,186
Actual Cost of ORP and TRS Retirement Benefits	12,071,014	10,600,889
District Contribution for ORP and TRS Retirement Benefits	6,317,752	5,092,446
State Legislative Appropriation Expended for ORP and TRS	5,753,262	5,508,443
State Contribution for ORP	3,220,000	2,988,250

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

11. DEFERRED COMPENSATION PLAN

The District has established a deferred compensation plan under which selected executives may elect to defer a portion of their earnings for tax and investment purposes pursuant to authority granted in Government Code §609.001. For the fiscal years ended August 31, 2013, and August 31, 2012, the District had one employee participating in the program.

It is the opinion of the District's legal counsel that the District has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The District believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

12. COMPENSABLE ABSENCES

Full-time professional support staff and administrators earn annual leave from one to two days per month depending on the length of employment with the District. The policy of the District is that an employee may carry his or her accrued leave forward from one fiscal year to another fiscal year with a maximum number of days of 48. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. Sick leave, which can be accumulated up to 66 days, is earned at the rate of one day per month. It is used by an employee who misses work because of illness. The policy of the District is to recognize the cost of sick leave when paid. Employees are not entitled to be paid for sick leave accrued but not taken upon termination. Accordingly, no liability for sick leave is reflected in the accompanying Statements of Net Position. The same applies to extenuating circumstance leave which accrues at a rate of 2 days per year to a maximum of 4 days but is not payable on termination.

	Accrued Liability for Unpaid Annual Leave for the Fiscal Year Ended August 31,	
	2013	2012
Balance as of September 1,	\$ 9,591,667	\$ 10,614,797

FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

13. POST-EMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums.

State/Employer Contribution for Health Care Insurance (includes basic life insurance rate)

<u>HealthSelect of Texas Plan</u>	<u>2013 State/Employer Contribution</u>	<u>2013 Annualized Contribution</u>	<u>2012 State/Employer Contribution</u>	<u>2012 Annualized Contribution</u>
Member Only	\$470.38	\$5,644.56	\$438.30	\$5,259.60
Member & Spouse	\$739.58	\$8,874.96	\$689.04	\$8,268.48
Member & Child(ren)	\$650.62	\$7,807.44	\$606.20	\$7,274.40
Member & Family	\$919.82	\$11,037.84	\$856.94	\$10,283.28

The cost of retirees and active employees' health care is provided:

<u>Cost of Providing Health Care Insurance</u>	<u>2013</u>	<u>2012</u>
Number of Retirees	1,136	1,135
Cost of Health Benefits for Retirees	\$ 7,525,732	\$ 6,926,484
Number of Active Full Time Employees	3,142	3,060
Cost of Health Benefits for Active Full Time Employees	\$ 20,509,715	\$ 18,583,294
State Appropriation for Health Insurance	\$ 9,760,108	\$ 9,258,438
District's Expense	\$ 18,275,338	\$ 16,251,340

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

14. POST-EMPLOYMENT BENEFIT PLANS OTHER THAN PENSIONS

Plan Description—The District contributes to the State Retiree Health Plan (SRHP), a cost-sharing, multiple-employer, defined benefit post-employment healthcare plan administered by the Employees Retirement System of Texas (ERS). These medical benefits are provided to retired employees of participating universities, community colleges and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature. ERS issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy—Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution. The employer's share of the cost of retiree healthcare coverage for the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retirees. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy, which is actuarially determined in accordance with the parameters of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions*. The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The District's contributions to the plan for the fiscal years ended August 31, 2013 and 2012 were \$18,275,338 and \$16,251,340 respectively, which equaled the required contributions each year.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

15. COMMITMENTS AND CONTINGENCIES

Commitments—The District has entered into contracts for the planning and construction of new facilities, as well as for the renovation and repair of existing locations within the District. Commitments remaining under such contracts at August 31, 2013 are \$1,265,094.

Pending Lawsuits and Claims—Various claims and lawsuits are pending against the District. In the opinion of District administration, the potential loss on all claims and lawsuits, to the extent not provided for by insurance or otherwise, will not be significant to the financial statements of the District.

Contingencies—The District has received Federal, State and other financial assistance in the form of contracts and grants that are subject to review and audit by the grantor agencies. Such audits could result in requests for reimbursement by the grantor agency for expenses disallowed under terms and conditions specified in the grant agreements. In the opinion of District management, such disallowed expenses, if any, will not be significant to the financial statements of the District.

On August 25, 2008, the District sold a building to the University of North Texas. A clause in the original deed requires that the District remain in the line of guarantors on two ground leases, which are in effect through 2047 and 2048. The probability of having to pay the ground leases is remote since the University of North Texas is the current owner and the District follows them or any future owners in the line of priority for the guarantee. The potential amount owed through the end of the leases is in excess of \$3.5 million. However, because the probability of having to pay is remote, the District does not plan to accrue a liability.

On September 3, 2013, the District was notified by the Internal Revenue Service (IRS) of a penalty for incorrect taxpayer information submitted on form 1098-T for the year ending December 31, 2011. The proposed penalty of \$500,000 has been reflected in this CAFR. The District has replied to the IRS that the penalty should be waived under Treasury Regulation Section 1.6050S-1 because the District took "reasonable cause" to obtain the missing information. The District has not received a reply from the IRS.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

16. DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivables—Receivables for the fiscal years ended August 31, 2013 and 2012 were as follows:

	2013	2012
Ad valorem taxes	\$ 7,976,606	\$ 7,718,712
Student tuition and charges	12,502,940	11,393,570
Accounts Receivable		
Federal grants	33,204,834	38,117,856
State grants	1,409,141	958,889
Local grants	273,349	669,198
Interest on investments	565,023	533,294
Other receivables	1,377,788	1,809,536
Total receivables	57,309,681	61,201,055
Less allowances for uncollectible amounts		
Ad valorem taxes	(6,456,789)	(6,294,334)
Student tuition and charges	(1,993,451)	(2,405,564)
Other receivables	(59,126)	(73,523)
Total allowances	(8,509,366)	(8,773,421)
Total receivables, net of allowances	\$ 48,800,315	\$ 52,427,634

Payables—Accounts Payable for the fiscal years ended August 31, 2013 and 2012 were as follows:

	2013	2012
Vendors payable	\$ 7,192,385	\$ 5,566,063
Salaries and benefits payable	17,015	6,293
Students payable	18,074,585	18,592,306
Total accounts payable	\$ 25,283,985	\$ 24,164,662

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

17. FUNDS HELD IN TRUST BY OTHERS

The District holds funds for certain student organizations and other agencies. These amounts are reflected in the basic financial statements as funds held for others in the amounts of \$2,357,968 and \$2,436,899 for fiscal years 2013 and 2012, respectively.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

18. CONTRACTS AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with generally accepted accounting principles in the United States. Funds received but not expended during the reporting period are shown as deferred revenues on the Statements of Net Position. Revenues are recognized on the Statements of Revenues, Expenses and Changes in Net Position as funds are actually expended. For federal contract and grant awards, funds expended but not collected are reported as accounts receivable on the Statements of Net Position. Non-federal contract and grant awards for which funds are expended but not collected are also reported as accounts receivable on the Statements of Net Position. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant award funds already committed or funds awarded during fiscal year 2013 for which monies have not been received nor funds expended totaled \$39,229,205. Of this amount, \$27,398,902 is from Federal contract and grant awards, \$9,556,732 is from State contract and grant awards, and \$2,273,571 is from Local contract and grant awards. Contract and grant award funds already committed or funds awarded during fiscal year 2012 for which monies had not been received nor funds expended totaled \$42,045,574. Of this amount, \$32,584,584 was from Federal contract and grant awards, \$8,338,904 was from State contract and grant awards, and \$1,122,086 was from Local contract and grant awards.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

19. SELF-INSURED PLANS

The District is exposed to various risks of loss related torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District fully insures its buildings, structures, contents and equipment with the purchase of commercial property insurance and also procures general and excess liability insurance and auto coverages.

Prior to August 31, 1998 the District was self-insured for workers' compensation. Effective September 1, 1998, the District implemented a guaranteed cost workers' compensation insurance program to handle workers' compensation claims. The District returned to a self-insured plan effective September 1, 2002. The accrued liability balance is based upon third party actuarial information. Future payments for the incurred claims will be paid from the accrued liability.

Self-insurance activity for the plan prior to 1998 for the fiscal years ended August 31, 2013 and 2012 was as follows:

Accrued Claim Liability for the Fiscal Year Ended August 31	Balance September 1	Additions	Reductions in Liability/ Claims Paid	Balance August 31
2013	\$ 244,361	\$ -	\$ -	\$ 244,361
2012	244,361	-	-	244,361

Self-insurance activity for the current plan for the fiscal years ended August 31, 2013 and 2012 was as follows:

Accrued Claim Liability for the Fiscal Year Ended August 31	Balance September 1	Additions	Reductions in Liability/ Claims Paid	Balance August 31
2013	\$ 1,130,150	\$ 36,152	\$ (816,302)	\$ 350,000
2012	1,130,158	504,739	(504,747)	1,130,150

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

20. AD VALOREM TAX

Taxes are levied on October 1 and are due and payable at that time. All unpaid taxes levied October 1 become delinquent February 1 of the following year. Taxes levied for the fiscal years ended August 31, 2013 and 2012 were \$196,939,981 and \$161,589,198, respectively (which includes any penalties and interest assessed, if applicable).

Tax rates for the fiscal years ended August 31, 2013 and 2012 are as follows:

	<u>2013</u>			<u>2012</u>		
	Current Operations	Debt Service	Total	Current Operations	Debt Service	Total
Authorized tax rate per \$100 valuation (Maximum per enabling legislation)	\$ 0.16000	\$0.50000	\$0.66000	\$0.16000	\$0.50000	\$0.66000
Assessed tax rate per \$100 valuation	\$ 0.09861	\$0.02077	\$0.11938	\$0.07890	\$0.02077	\$0.09967

At August 31, 2013 and 2012 valuation for property taxed by the District was as follows:

	<u>2013</u>	<u>2012</u>
Market valuation of the District	\$ 206,772,307,511	\$ 203,084,446,504
Less exempt property	19,675,472,000	19,002,762,000
Less exemptions and Capped Loss	22,189,295,921	22,658,860,778
Net assessed valuation of the District	<u>\$ 164,907,539,590</u>	<u>\$ 161,422,823,726</u>

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

The Dallas County Tax Assessor-Collector is the Collecting Agency for the levy and remits the collections to the District, net of a collection fee. The use of tax proceeds is restricted to either maintenance and operations or funding interest and sinking requirements.

Gross Taxes collected for fiscal year 2013:

Gross Taxes Collected	<u>Maintenance & Operations</u>		<u>Interest & Sinking</u>	2013 Total
	<u>Current Operations</u>	<u>Maintenance Tax Notes</u>	<u>Debt Service</u>	
Current	\$ 156,843,372	\$ 2,192,258	\$ 33,904,335	\$ 192,939,965
Delinquent	1,726,686	(221,311)	(235,002)	1,270,373
Penalties and interest	1,789,786	-	-	1,789,786
Total collections	<u><u>\$ 160,359,844</u></u>	<u><u>\$ 1,970,947</u></u>	<u><u>\$ 33,669,333</u></u>	<u><u>\$ 196,000,124</u></u>

Gross taxes collected for fiscal year 2012:

Gross Taxes Collected	<u>Maintenance & Operations</u>		<u>Interest & Sinking</u>	2012 Total
	<u>Current Operations</u>	<u>Maintenance Tax Notes</u>	<u>Debt Service</u>	
Current	\$ 118,240,000	\$ 6,483,544	\$ 33,734,638	\$ 158,458,182
Delinquent	851,556	54,767	201,031	1,107,354
Penalties and interest	1,841,588	-	-	1,841,588
Total collections	<u><u>\$ 120,933,144</u></u>	<u><u>\$ 6,538,311</u></u>	<u><u>\$ 33,935,669</u></u>	<u><u>\$ 161,407,124</u></u>

Tax collections for the fiscal years ended August 31, 2013 and 2012 were approximately 98% of the current tax levy for both years. Allowances for uncollectible taxes (see Note 4) are based upon historical experience in collecting ad valorem taxes.

Under GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*, ad valorem taxes are imposed non-exchange revenue. Assets from imposed non-exchange transactions are recorded when the entity has an enforceable legal claim to the asset or when the entity receives resources, whichever comes first. The enforceable legal claim date for ad valorem taxes is the assessment date. Accordingly, the District has recognized all assessed taxes in the current year and recorded a receivable for uncollected taxes.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

21. TAX INCREMENT FINANCING DISTRICTS

The District participates in a number of tax increment financing districts ("TIFs"). The following table summarizes the obligations of the District's involvement in the TIFs:

TIF Title	Percentage of Incremental Tax Committed	Taxes Forgone in 2013	Taxes Forgone in 2012
Oak Cliff Gateway	100%	\$ 97,671	\$ 51,697
City of Irving	100	580,901	366,683
City of Farmers Branch Mercer Crossing	35	16,756	16,611
City of Farmers Branch Old Farmers Branch	100	3,805	3,602
City of Grand Prairie #1	100	109,925	91,511
City of Grand Prairie #2	100	82,897	68,284
City of Grand Prairie #3	100	11,385	7,494
Total taxes forgone		\$ 903,340	\$ 605,882

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

22. INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, "*Income of States, Municipalities, etc.*," although unrelated income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), "*Imposition of Tax on Unrelated Business Income of Charitable, etc., Organizations.*" The District had no material unrelated business income tax liability for the fiscal years ended August 31, 2013 or 2012.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

23. COMPONENT UNITS

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT FOUNDATION, INC.—
DISCRETELY PRESENTED COMPONENT UNIT

Dallas County Community College District Foundation, Inc. (the "Foundation") was established as a separate nonprofit organization in 1973 to raise funds to provide student scholarships and assistance in the development and growth of the District. Under GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit. Accordingly, the Foundation's financial statements are included in the District's annual report as a discretely presented component unit (see table of contents). Complete financial statements of the Foundation can be obtained from the administrative office of the Foundation.

The following footnotes are excerpted from the Foundation's audited financial statements:

NOTE A - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Dallas County Community College District Foundation, Inc. (the "Foundation") is a nonprofit organization established in 1973. The Foundation's sole purpose is to provide benefits such as scholarships and grants to the Dallas County Community College District (the "District"), and to the students, faculty, and staff of the District's seven colleges, and R. Jan LeCroy Center for Educational Telecommunications.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis financial reporting framework, in accordance with Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 958-205, *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC Topic 958-205, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets:

- **Unrestricted Net Assets** – These are net assets that are not subject to donor-imposed restrictions and may be used for any operating purpose of the Foundation.
- **Temporarily Restricted Net Assets** – These are net assets that are subject to donor-imposed stipulations that require the passage of time and/or the occurrence of a specific event, for them to be used.
- **Permanently Restricted Net Assets** – These are net assets required to be maintained in perpetuity, with only the income used for operating activities, due to donor-imposed restrictions.

In addition, the Foundation is required by FASB ASC Topic 958-205 to present a statement of cash flows.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and investments that are available for current use with maturity dates of less than three months from the date of acquisition. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. Cash equivalents included in cash and cash equivalents at August 31, 2013 and 2012, amounted to \$2,483,895 and \$1,512,349, respectively. Cash and cash equivalents that are restricted for long-term purposes, including those restricted for endowments, or are not available for the Foundation's general use have been reported as noncurrent assets in the statements of financial position.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of financial position. Realized and unrealized gains and losses are reported in the statements of activities.

The Foundation maintains an investment management agreement with Smith Asset Management Group, L.P.; Vanguard; Acadian Asset Management, LLC; Columbia Management; Harbor Funds; IVA Funds; Third Avenue; Perkins Investment Fund; and Barrow Henley, Mewhinney and Strauss whereby these investment managers manage the Foundation's investments in a manner consistent with the investment goals and policies established by the Foundation's Board of Directors.

Revenue Recognition

In accordance with FASB ASC Topic 958-605, *Accounting for Contributions Received and Contributions Made*, contributions received by the Foundation are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions.

Contributions are recognized as revenues in the period unconditional promises to give are received by the Foundation. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted using the risk-free rate as of the date the unconditional promise to give was received by the Foundation. Amortization of discounts is recorded as additional contributions in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible receivables is provided based upon management's judgment including such factors as prior collection history, type of contribution and nature of fund-raising activity. Amounts deemed by management to be uncollectible are charged to expenses. Recoveries on receivables previously charged-off are credited to expenses. Management believes that all outstanding pledges are collectible and no allowance is necessary as of August 31, 2013 and 2012.

Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributed Services

The salaries of certain Foundation employees have been donated by the District. The estimated fair value of these contributed services is \$560,774 and \$580,736 for fiscal years 2013 and 2012,

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

respectively, and has been included in contributed employees' salaries and benefits in the revenues section, and management and general expenses in the accompanying statements of activities.

The District also provides office space and equipment at no cost to the Foundation. Because the Foundation does not have a clearly measurable basis to estimate the value of these contributed facilities and equipment, no amounts have been reflected in the financial statements.

Federal Income Taxes

The Foundation is exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the Code) of 1986, as amended, as an organization described in Section 501(c)(3) of the Code. However, income generated from activities unrelated to the Foundation's exempt purpose is subject to tax under Section 511 of the Code. The Foundation did not conduct any unrelated business activities in fiscal years 2013 and 2012. Therefore, the Foundation has made no provision for federal income taxes in the accompanying financial statements. Accordingly, contributions to the Foundation are tax deductible within the limitations prescribed by the Code. The Foundation has also been classified as a publicly-supported organization which is not a private foundation under Section 509(a) of the Code.

The Foundation applies the provisions of FASB ASC Topic 740, *Income Taxes*, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FASB ASC Topic 740 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Foundation believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Federal income tax returns of the Foundation for years 2010 through 2012 are still subject to examination by the Internal Revenue Service, generally for three years after they were filed.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates. Significant estimates included in the financial statements are present values of contributions receivable expected to be received beyond one year.

New Accounting Pronouncements

In October 2012, the FASB issued Accounting Standards Update (ASU) 2012-05 – Statement of Cash Flows (Topic 230), *Not-for-Profit Entities: Classification of the Sale Proceeds of Donated Financial Assets in the Statement of Cash Flows*, which requires a not-for-profit entity to classify cash receipts from the sale of donated financial assets consistently with cash donations received in the statement of cash flows if those cash receipts were from the sale of donated assets that upon receipt were directed without any limitations for sale imposed by the not-for-profit entity and were converted nearly immediately into cash. This update will be effective for the Foundation's fiscal year 2014 annual financial statements. Management does not anticipate that this update will significantly affect the Foundation's financial statements.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, Topic 820: *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04)*. ASU 2011-04 requires the reporting entity to disclose the following for Level 3 fair value measurements; (a) quantitative information about unobservable inputs used; (b) a description of the valuation processes used; and (c) a qualitative discussion about the sensitivities of the measurements (for public entities only). The guidance is effective for interim and annual periods beginning after December 15, 2011. As of August 31, 2013 and 2012, the Foundation did not have any investments that require Level 3 fair value measurements. The adoption of ASU 2011-04 did not have a material impact on the Foundation's net assets. Please see Note I for additional disclosures related to this adoption.

NOTE B - INVESTMENTS

Investments are composed of the following as of August 31:

	<u>2013</u>		<u>2012</u>	
	<u>Cost</u>	<u>Fair Value</u>	<u>Cost</u>	<u>Fair Value</u>
Corporate bonds	\$ 3,361,540	\$ 4,959,714	\$ 3,543,697	\$ 5,349,057
Corporate stocks	3,575,686	4,311,847	3,907,533	4,879,681
Mutual funds	16,955,772	19,570,849	14,402,479	15,266,592
	<u>\$ 23,892,998</u>	<u>\$ 28,842,410</u>	<u>\$ 21,853,709</u>	<u>\$ 25,495,330</u>

Investment securities are exposed to various risks, such as interest rate, custodial and market credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term, and that such changes could significantly affect the amounts reported in the financial statements.

For the years ended August 31, 2013 and 2012, the components of investment earnings are:

	<u>2013</u>	<u>2012</u>
Interest and dividend income	\$ 490,543	\$ 567,188
Net gain on investments carried at fair value	2,450,685	951,062
Total return on investments	<u>\$ 2,941,227</u>	<u>\$ 1,518,250</u>

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

NOTE C - CONTRIBUTIONS RECEIVABLE

Contributions receivable consist of the following unconditional promises to give:

	August 31,	
	2013	2012
Contributions receivable	\$ 2,741,667	\$ 3,166,667
Less allowance for uncollectible receivable	(2,335,889)	-
Less unamortized discount ranging from 0.17% to 3.84% at August 31, 2013 and 0.68% to 3.84% at August 31, 2012	(114,352)	(115,631)
	\$ 291,426	\$ 3,051,036

The maturity of contributions receivable as of August 31 is as follows:

	2013	2012
Maturing in less than one year	\$ 291,426	\$ 1,133,333
Maturing between one and five years	-	1,917,703
Total contributions receivable	\$ 291,426	\$ 3,051,036

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

NOTE D - TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are available for the following purposes:

	August 31,	
	2013	2012
Student scholarship for tuition and books	\$ 2,994,348	\$ 4,681,344
Professional development, student related activities, and program support	6,312,958	1,887,737
	\$ 9,307,306	\$ 6,659,081

NOTE E - PERMANENTLY RESTRICTED NET ASSETS

Permanently restricted net assets are maintained for the benefit of the following:

	August 31,	
	2013	2012
Student scholarship for tuition and books	\$ 24,256,144	\$ 26,479,368
Professional development, student related activities, and program support	1,023,973	1,022,837
	\$ 25,280,117	\$ 27,502,205

The Foundation's permanently restricted net assets are restricted to investments in perpetuity, although the income from these permanently restricted assets is available for scholarships and grants.

NOTE F - NET ASSETS RELEASED FROM RESTRICTIONS

Net assets released from restrictions consisting of temporarily restricted funds were due mainly to satisfaction of purpose restrictions, and amounted to \$3,538,046 and \$1,759,808 for the years ended August 31, 2013 and 2012, respectively.

NOTE G - CONCENTRATION OF CREDIT RISK

The Foundation maintains deposits in financial institutions which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (FDIC). The Foundation's deposit account balances that were fully insured under the Dodd-Frank Wall Street Reform and Consumer Protection Act at August 31, 2012 was approximately \$3,210,979. The Foundation's deposit account balance exceeded the federally insured limit by approximately \$3,307,743 and \$299,811 as of August 31, 2013 and 2012, respectively, which was not otherwise insured. The Foundation did not experience any losses in such accounts.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

NOTE H - TRANSACTIONS WITH RELATED PARTIES

The Foundation's payments to the District for scholarships and grants amounted to \$896,555 and \$1,322,608 for fiscal years 2013 and 2012, respectively. At August 31, 2013 and 2012, the Foundation recorded a total of \$180,982 and \$557,332, respectively, for scholarships and grants payable to the District.

Also, as described in the Contributed Services paragraph of Note A, the District paid the salaries and benefits of certain Foundation's employees and the estimated fair value of these contributed services is \$560,774 and \$580,736 for fiscal years 2013 and 2012, respectively. Further, the District also provided office space and equipment at no cost to the Foundation. Because the Foundation does not have a clearly measurable basis to estimate the value of these contributed facilities and equipment, no amounts have been reflected in the Foundation's financial statements.

NOTE I - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, provides a framework for measuring fair value. FASB ASC Topic 820 also establishes a fair value hierarchy that distinguishes between inputs based on market data from independent sources (observable inputs) and a reporting entity's internal assumptions based upon the best information available when external market data is limited or unavailable (unobservable inputs).

The fair value hierarchy in FASB ASC Topic 820 prioritizes fair value measurements into three levels based on the nature of the inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1 – Investments in this category are valued based on quoted prices in active markets for identical assets that are accessible at the measurement date. An active market is a market in which transactions for the asset occur with sufficient frequency and volume to provide pricing information on an ongoing basis. .

Level 2 - Investments in this category are valued based on inputs, in the absence of actively quoted market prices, which are observable for the asset, either directly or indirectly. Level 2 inputs include: (a) quoted prices for similar assets in active markets, (b) quoted prices for identical or similar assets in markets that are not active, (c) inputs other than quoted prices that are observable for the asset such as interest rates and yield curves observable at commonly quoted intervals, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Investments in this category are valued based on unobservable inputs for asset. Unobservable inputs are used to the extent observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

Following is a summary of the Foundation's investments by level, within the fair value hierarchy, as of:

August 31, 2013	Fair value measurement using input considered as:			
	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ -	\$4,959,714	\$ -	\$ 4,959,714
Equity investments	4,311,847	-	-	4,311,847
Mutual funds	16,397,237	3,173,582	-	19,570,849
	<u>\$20,709,084</u>	<u>\$8,133,296</u>	<u>\$ -</u>	<u>\$28,842,410</u>

August 31, 2012	Fair value measurement using input considered as:			
	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ -	\$5,349,057	\$ -	\$ 5,349,057
Equity investments	4,879,681	-	-	4,879,681
Mutual funds	13,078,144	2,188,448	-	15,266,592
	<u>\$17,957,825</u>	<u>\$7,537,505</u>	<u>\$ -</u>	<u>\$ 25,495,330</u>

Change in valuation techniques may result in transfers in or out of an investment's assigned level within hierarchy. The investment Portfolio recognizes transfers between fair value hierarchy levels at approximate date of the event or change in circumstances that cause the transfer. There were no significant transfers between Levels 1, 2 and 3 during the year.

NOTE J - ENDOWMENTS

The Foundation's endowment consists of approximately 140 individual funds established for a variety of purposes. These individual funds consist of both donor-restricted endowment funds and funds designated by the Board to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

On September 1, 2007, the State of Texas adopted the Uniform Prudent Management of Investment Funds Act ("UPMIFA"). UPMIFA provides standards and guidelines for the management, investment, and expenditure of charitable funds and for endowment spending by institutions organized and operated exclusively for a charitable purpose. The purposes of UPMIFA are to modernize rules, to articulate prudence standards, and to provide guidance and authority for the management and investment of charitable funds and for endowment spending. The new act provides greater direction with respect to making prudent determinations and requires charities to focus on donor intent and the purpose of endowment funds when managing institutional funds.

FASB ASC Topics 958-205-50-1A through 50-2, *Reporting Endowment Funds*, provide guidance on the net asset classification of donor-restricted endowment funds for not-for-profit organizations that are subject to an enacted version of UPMIFA; and improves disclosures about an organization's endowment funds (both donor restricted funds and funds functioning as an endowment), regardless of whether it is subject to UPMIFA. The FASB ASC Topics 958-205-50-1A through 50-2 require an organization to classify a portion of a donor-restricted endowment fund (other than a term

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

endowment) as permanently restricted net assets. That portion is equal to the amount of the fund that: (1) must be retained permanently, in accordance with explicit donor stipulations, or (2) that, in the absence of such stipulations, the not-for-profit's governing board determines must be retained permanently under the relevant law.

As permitted by accounting standards generally accepted in the United States of America, income earned on endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions as well as based on management's prudent determinations.

Interpretation of Relevant Law

The management of the Foundation has interpreted the UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Any remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund.
2. The purposes of the Foundation and the donor-restricted endowment fund.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the Foundation.
7. The investment policies of the Foundation.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

Endowment Net Asset Composition by Type of Fund as of August 31, 2013:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Donor-restricted endowment funds	\$ -	\$ 6,260,212	\$ 27,616,006	\$ 33,876,218
Board restricted endowment funds	7,446	-	-	7,446

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012

Investment Return Objectives and Risk Parameters

The Foundation board has adopted investment and spending policies for endowment assets that attempt to preserve the real (inflation-adjusted) purchasing power of the trust assets, to provide an adequate level of income to meet the original intent of the Foundation's benefactors and to maximize the total rate of return earned by the trust without assuming an unreasonable degree of risk. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board, the investment objective for the fixed income is to outperform (net of fees) the Barclays Intermediate Government/Credit Index. The investment objective for the equity fund is to outperform (net of fees) the Russell 1000 and/or the S&P 500 Stock Index.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation will make earnings available each year for use by endowment supported funds. The available funds will be up to 5% of the three year average of the aggregate investment portfolio market value at December 31st of the year preceding the disbursement of the funds. The spending limit will not exceed 5% of the December 31st market value. An amount in excess of the annual spending limit will be permitted for programs and endowments where donors have determined a need for a higher level of spending.

In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow. This is consistent with the Foundation's objectives to preserve the real (inflation-adjusted) purchasing power of the trust assets, to provide an adequate level of income to meet the original intent of the Foundation's benefactors and to maximize the total rate of return earned by the trust without assuming an unreasonable degree of risk.

NOTE K – NET ASSET VALUE PER SHARE

In accordance with FASB Accounting Standards Update No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Foundation expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value (NAV) per share or its equivalent for which the fair value is not readily determinable as of August 31, 2013 and 2012.

For the Foundation, such assets include investments in fixed income funds. Investments in the fund are valued at a net asset value of \$16.15 and \$16.53 per unit, as of August 31, 2013 and 2012, respectively, and the Foundation had 307,010 and 323,646 units as of August 31, 2013 and 2012, respectively.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

The following table sets forth a summary of the investments for which the fair value has been estimated using the NAV of the investments.

	Fair Value Estimated Using NAV per Share August 31, 2013 and 2012					
	Fair Value as of August 31, 2013	Fair Value as of August 31, 2012	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Barrow, Hanley, Mewhinney & Strauss – BHMS Core Fixed Income Fund (a).....	\$ 4,959,714	\$ 5,349,027	None	Daily	None	30 days
Total	\$ 4,959,714	\$ 5,349,027				

(a) The fund seeks to provide long term total return with prudent risk of principal by investing in U.S. investment –grade fixed income securities with diversified maturities.

NOTE L – RESTATEMENT OF PRIOR YEAR'S BEGINNING NET ASSET CLASSIFICATIONS

In fiscal year 2012 and in various years prior to fiscal year 2012, the Foundation classified net realized and unrealized gains on certain permanently restricted investments as increases in unrestricted net assets. Accounting principles generally accepted in the United States of America require that if incomes from permanently restricted assets are restricted by purpose or time by the donors, such income should be recorded as increases in temporarily restricted net assets. In the current fiscal year, the Foundation determined that income from those permanently restricted investments described above in this paragraph are restricted by donors for payments of scholarships. Accordingly, such income should have been recorded as increases in temporarily restricted net assets, instead of increases in unrestricted net assets.

In addition, as described in Note J, the Foundation has interpreted the UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion (in most instances inclusive of the difference between the fair value and the original value of gifts donated to the permanent endowment) of the donor-restricted endowment funds that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

The following table presents the adjustments the Foundation has made to the relevant classes of net assets as of September 1, 2011 (i.e., the beginning of fiscal year 2012), to correct the prior misclassifications of net realized and unrealized gains on investments related to permanent endowments.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

	Unrestricted Net Assets	Temporarily Restricted Net Assets	Permanently Restricted Net Assets	Total Net Assets
Amount previously reported as of August 31, 2011	\$ 2,893,448	\$ 3,686,090	\$ 26,888,593	\$ 33,468,131
Reclassifications of incomes from permanently restricted investments	<u>(2,299,377)</u>	<u>2,299,377</u>	<u>-</u>	<u>-</u>
Beginning net assets, with restated unrestricted and temporarily restricted balances, as of September 1, 2011	<u>\$ 594,071</u>	<u>\$ 5,985,467</u>	<u>\$ 26,888,593</u>	<u>\$ 33,468,131</u>

NOTE M - CONDITIONAL PROMISE TO GIVE

In March 2013, the Foundation received a \$1.8 million commitment from a donor, payable in 3 annual installments contingent upon the terms of the promise, including the donor's right at its sole discretion to suspend or cancel the promise. First annual installment of \$600,000 was received and recognized as revenue in fiscal year 2013, by the Foundation. The balance of \$1.2 million was considered a conditional promise to give at August 31, 2013.

NOTE N - SUBSEQUENT EVENTS

On December 9, 2013, the Foundation became aware that an endowment pledge receivable of \$2,335,889 (net of unamortized discount) would not be honored. The Foundation has made an allowance for this amount as of August 31, 2013.

Management has evaluated subsequent events through December 9, 2013; the date financial statements were available to be issued. Except as described in the first paragraph of this note, no changes were necessary to be made to the financial statements as a result of this evaluation.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FISCAL YEARS ENDED AUGUST 31, 2013 AND 2012**

24. RICHLAND COLLEGIATE HIGH SCHOOL - CHARTER HIGH SCHOOL OPERATED BY THE DISTRICT

In January 2005, the District's Board of Trustees approved application to the Texas Education Agency (TEA) for a charter to operate the Richland Collegiate High School of Mathematics, Science, and Engineering, designed to enroll students only at the junior and senior levels. TEA approved the application in October 2005. In May 2006, the Board approved the contract with TEA for operating a charter through July 31, 2010. The charter agreement has been renewed and is in effect indefinitely at this time. The charter high school opened in August 2006 with its first class of 176 students at the junior level. Students receive high school and college credit concurrently. Funding is received from the State of Texas for the charter high school based on average daily attendance. Expenses consist of contracted services for instruction and other functions provided through Richland College as well as direct expenses for equipment and supplies. The high school has no direct employees.

Beginning with Fall 2010 classes, a new area of emphasis for students to select from is the performing and other arts. Because of the expanded offerings, the "Mathematics, Science, and Engineering" portion of the school name has been dropped and is now simply Richland Collegiate High School.

The Richland Collegiate High School has the same legal identity as the District and is governed by the same Board. For operating purposes, in accord with TEA requirements, all revenue and expenses are tracked through a separate general ledger account. But for financial statement purposes, fiscal information for the charter high school is included in the statements of the District.

The Statements of Net Position, the Statements of Revenues, Expenses and Changes in Net Position, a Statements of Cash Flows, and a Schedule of Expenses for the fiscal years ended August 31, 2013 and 2012 for Richland Collegiate High School alone are presented below. Included also is a Budgetary Comparison Schedule for 2013.

**STATISTICAL SECTION
(UNAUDITED)**

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

STATISTICAL SECTION TABLE OF CONTENTS

This part of the Dallas County Community College District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health. The statistical tables are not audited.

FINANCIAL TRENDS

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

- Net Position by Component
- Revenues by Source
- Program Expenses by Function

REVENUE CAPACITY

These schedules contain information to help the reader assess the District's most significant local revenue sources.

- Tuition and Fees
- Assessed Value and Taxable Assessed Value of Property
- State Appropriations per FTSE and Contact Hour
- Principal Taxpayers
- Property Tax Levies and Collections

DEBT CAPACITY

These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt.

- Ratios of Outstanding Debt
- Legal Debt Margin Information
- Pledged Revenue Coverage

DEMOGRAPHIC AND ECONOMIC INFORMATION

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's activities take place.

- Demographic and Economic Information – Taxing District
- Principal Employers

OPERATING INFORMATION

These schedules contain employment, enrollment and infrastructure data to help the reader understand how the information in the District's comprehensive annual financial report relates to the services the District provides and the activities it performs.

- Faculty Staff and Administrative Statistics
- Enrollment Details
- Student Profile
- Transfer to Senior Institutions
- Capital Asset Information

FEDERAL AND STATE SINGLE AUDIT SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees
Dallas County Community College District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Dallas County Community College District (the "District") as of and for the year ended August 31, 2013, and have issued our report thereon dated December XX, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Texas Public Funds Investment Act

We have performed tests designed to verify the District's compliance with the requirements of Public Funds Investment Act (the "Act"). However, providing an opinion on compliance with the Act was not an objective of our audit and accordingly, we do not express an opinion. During the fiscal year ended August 31, 2013, no instances of non-compliance with the Act were found.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Houston, Texas
December XX 2013

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
OMB CIRCULAR A-133 AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR**

To the Board of Trustees
Dallas County Community College District

Report on Compliance for Each Major Federal and State Program

We have audited Dallas County Community College District's, including its seven colleges listed below, (altogether, the "District"), compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the Texas Single Audit Circular that could have a direct and material effect on each of the District's major federal and state programs for the year ended August 31, 2013. The District's seven colleges include:

1. Brookhaven College
2. Cedar Valley College
3. Eastfield College
4. El Centro College (Including Bill J. Priest Institute for Economic Development)
5. Mountain View College
6. North Lake College
7. Richland College

The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and, the State of Texas Single Audit Circular. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion on Each Major Federal and State Program

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2013.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

DALLAS COUNTY COMMUNITY COLLEGE DISTRICT

NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
FOR THE FISCAL YEAR ENDED AUGUST 31, 2013

1. GENERAL

The accompanying Schedules of Expenditures of Federal and State Awards ("Schedules") present the activity of all federal and state award programs of the Dallas County Community College District (the "District"). The reporting entity of the District is defined in the notes to the financial statements of the District. All federal and state awards received directly from federal or state agencies or federal awards passed through other government agencies are included on the schedules.

2. BASIS OF ACCOUNTING

The expenditures included in the Schedules are reported for the District's fiscal year ended August 31, 2013. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported represent funds which have been expended by the District for the purposes of the awards. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the Schedules may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various funding agencies in the preparation of the Schedules.

3. RELATIONSHIP TO FINANCIAL STATEMENTS

Federal and state awards revenues are reported in the financial statements of the District for the fiscal year ended August 31, 2013, as follows:

	<u>Federal</u>	<u>State</u>
Total revenues per Schedule A	\$ 15,671,391	\$ 8,577,835
Federal revenue, non-operating per Exhibit 2	90,602,218	-
Federal direct student loans	42,512,543	-
Fall tuition-related grants deferred to next fiscal year	(4,790,202)	(97,507)
Total expenditures for federal/state awards	<u>\$ 143,995,950</u>	<u>\$ 8,480,328</u>

FOR THE FISCAL YEAR ENDED AUGUST 31, 2013**

5. STUDENT LOANS PROCESSED AND ADMINISTRATIVE COST RECOVERED

Although Direct Loans "are made to students (not the institution of higher education)" as confirmed in the June 2010 A-133 *Compliance Supplement*, page 5-3-48, they also recommend the amounts for such loans be included on the face of the Schedule of Expenditures of Federal Awards (SEFA). Subtracting the effect of including these loans on the SEFA, actual expenditures of federal awards for the 2013 fiscal year are \$101,483,407.

Federal Grantor CFDA Number/Program Name	New Loans Processed	Administrative Cost Recovered	Total Loans Processed and Administrative Cost Recovered
Department of Education			
84.268 Direct Loans	\$ 42,512,543	-	\$ 42,512,543

6. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not agree with the amounts reported in the related federal and state financial reports filed with grantor agencies because of differences between the fiscal year of the District and various program years, as well as accruals that would be reflected in the next report filed with the agencies.
